

The TV Show “Movers, Shakers & Invention Makers” is Casting Inventors at the Strawberry Festival

The television show “Movers, Shakers & Invention Makers”, is looking for highly creative individuals who possess new one of a kind inventions at the Strawberry Festival in Plant City. The festival will run from March 1st thru the 11th, 10 AM to 10 PM.

Movers, Shakers & Invention Makers (MS&IM) will have a booth at the Strawberry Festival on March 9th and March 10th, and is inviting all inventors to stop by and display their latest and greatest creations between 11 AM and 9 PM. The booth is located by the Pig Races near Lemon Street. The experts that are on the panel for this TV Show will offer advice about the financial prospects, product improvements, patent laws, distribution networks, and marketing possibilities for each and every new invention that is presented to them. They will also select the inventions worthy of appearing on the TV Show scheduled to air in April of 2012 on Channel 167.

As an enticement to encourage anybody and everybody that has even the craziest concept to show up, Movers, Shakers & Invention Makers is providing a “FREE Infomercial” as their top prize for the most innovative new invention that appears on the TV Show. Even if you do not think your invention will win the first prize, the worst invention will also receive an award of \$100 ~~for just showing up~~.

Movers, Shakers & Invention Makers’ panel includes the author of ~~is the originator of~~ the highly acclaimed book, the “Invention Bible”, which has helped thousands of inventors launch their new creations and turn them into financial successes.

CVF Productions, Inc., the Producers of **Movers, Shakers & Invention Makers** regularly produces 30 to 60 minute television shows **and infomercials**. **MS&IM will focus on** helping inventors launch their new products and find either financial backers, or companies that want to start carrying their goods immediately. Each show features up **to** six new inventions, and the moderator's critique each item providing their own unique and uncensored perspectives, in an attempt to move the projects forward.

The Strawberry Festival in Plant City is an annual event that features fresh strawberries, strawberry ice cream, strawberry shortcake, and strawberries used as an ingredient in every kind of dish imaginable, **as well as, rides, entertainment and events**. It is truly a wonderful occasion that the entire family will enjoy, and one that should **not** be missed.
