GENE - WHAT THE HELL IS CRAZY CLOWN? ?

Scott, this is an e-mail I got from Coach Tari's husband re their son Ben...do you think you could ask Gene about the "crazy clown" logo he mentions? Thx! Tracie

call me soon

Tracie-

I'm not sure if you're aware of this or not, but Ben's favorite driver in the whole entire world is Gene Lasker. Whenever he races at Eastbay we MUST go see him because Ben thinks he's the best. Ben has tried like crazy to find the "crazy clown" logo that Gene had on his sprint car until recently. If you know of a way to ask Mr. Lasker if he's able to send one to Ben, he'd PROUDLY 'wear it' on the back of his soccer chair. I cannot believe that Gene Lasker donated \$1000!!!! That is SOOOO freaking cool.

Love-

Jim

Christopher has asked his dad, Scott, how Gene Lasker (who donated \$1,000) would like to be represented...Lasker Powder Coating is his business. Also, he will ask Scott if the company he works for is donating the brackets and guards or if it is him personally. As soon as he gets back to us, we'll let you know. Thx for all your hard work!!! Hi, Thunder!!!

A few days ago I asked for pictures of your athletes and names of sponsors that have helped the Thunder over the last year. I've received pictures from one athlete's parents and names of sponsor companies from the parent of another athlete.

Could y'all holler back and junk?

The more pictures we have of our athletes on the website the more "awwwwww...." factor there is for potential donors...
